SUBJECT

Import license for Essential machinery and spares for the Mysore chrome Tanning Co, Ltd

H. Nanjachar
23/9/1946.

~~Letter~~ Import License for essential machinery and spares for the Mysore Chrome Tanning Co. Ltd.

6357
D Fe

Letter No. 4489 Dated 25th April 46 from the Chairman, Mysore Chrome Tanning Co Ltd requesting to arrange to get Import License through machinery.

The Director of Industries and Commerce and Chairman, The Mysore Chrome Tanning Co.. requests that Residency may be addressed to arrange to get an Import License ~~of~~ for the machinery and spare parts for the Company.

In this Connection the Chairman lays emphasis on the point that the Co machinery was overworked during war to render assistance to the war effort. On this score the priority may be claimed.

The total ~~amount~~ value of the goods involved is only about a lakh of rupees. Further only such of the machinery as have to be renewed or replaced are ordered for supply.

The present letter is Response to this Office letter D 6757 Dated 1-3-46. (Please vide Flag A in the file put up) The file on the Subject of import of capital goods is also put up for ready reference.

OFFICE OF THE DIRECTOR,

D. O No. 4489 (Encl.2)

Bangalore, dated....25th April 1946....

My Dear Noronha,

Subject: Import License for essential machinery and spares for the Mysore Chrome Tanning Co,Ltd.

In your letter No., D.6747/I&C dated the 1st March 1946 to the Residency (copy of which has been sent to me for my information on 6-3-46), you have kindly, in your last paragraph, intimated to the Residency the urgency for capital goods for the Tannery and that the Import License for these goods should be arranged to be sent to the Tannery as early as possible. Subsequently I have taken up the correspondence with the Chief Controller of Imports (Capital Goods Branch), New Delhi and I have referred him to your recommendation - through the Residency and have been requesting him to grant the license. So far there has been no reply in the matter.

I wish to point out that the total value of goods involved is only about a lakh of rupees. Only such of the machinery as have to be renewed or replaced in order to see that the quantity and the quality of the articles produced are not seriously affected, have been ordered from the firms in U.K. and U.S.A. It has to be brought to the notice of the Chief Controller of Imports, New Delhi, that the whole output of the Tannery was earmarked during the yearsof war for the war supplies and at considerable sacrifice of the machinery which were worked overtime to see that the war requirements were met. Under these conditions, I claim that a priority should be given for the machinery which is after all very few in number and the value of which is only a lakh of rupees, in view of our assistance during the war and thereby working the machines almost to a state of scrap. I request you there-

P.T.O.

you therefore to kindly address the Residency stressing the importance of getting these machinery early in order to see that the Tannery does not suffer any further in output and thereby incur loss. I also wish to point out that it will be 18 to 24 months after obtaining the Import License before we get the capital goods. Therefore it is all the more necessary that the license should be granted to us as early as possible. I feel almost doubtful that our overworked machines could last as long as the period required for the replacements even if ordered immediately. I once more therefore request you to make a case for the urgency of these machinery and obtain the import license. I am enclosing herewith a statement in duplicate showing particulars of the machinery and spares to be imported together with their values for ready reference or communication to the Residency so that there may be no delay in the matter.

Yours sincerely,

B.J. Mirlalkar

Charles E.Noronha Esq., M.A.,
Secretary to Government of Mysore,
Development Department, Bangalore.

SPARES FOR TURNER TANNING MACHINES AND OTHER MACHINES worth about £ 400. 0.0

For The Mysore Chrome Tanning Co, Ltd.,

Secretary

Extra

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

No. General and Revenue Secretariat,

Dated Bangalore, ...May.....*19* 46.

FROM

The Secretary to the Government of
His Highness the Maharaja of Mysore.
Development Department, Bangalore.

To

The Secretary to the Hon'ble the Resident in Mysore,

Bangalore.

SIR,

Subject:- Import License for the Mysore Chrome Tanning Co., Ltd., for import of machinery.

I am directed to refer to the concluding paragraph of my letter No.Pol.2012 I.& C.43-44-53 dated 18th March, 1946 of about the requirements of machinery, of the Mysore Chrome Tanning Company.

The Chairman of the Company writes to say that, in view of urgency he has taken up the matter with the Chief Controller of Imports (Capital Goods Branch), New Delhi, but has received no reply till now. He points out that the orders placed are for only such parts of the existing plant as require to be renewed or replaced so that the quality or quantity of the articles produced may not suffer. He adds that the whole output of the Tanning was earmarked for war supplies during the War, that the machinery had to be worked intensively almost to a state of scrap and that therefore, it has become quite necessary to get the renewals and replacements very early so that the concern may not suffer. He therefore requests that the import license may be granted as early as possible, especially as it will take from ~~1st~~ 18 to ~~2nd~~ 24 months before the goods are actually received.

I am to enclose a list of the requirements of the Company and to say that it will be much appreciated if the Hon'ble the Resident would be so good as to move the Chief Controller of Imports, to expedite the issue of the import license.

I have the honour to be,
Sir,
Your most obedient servant,

Sd/- C. E. Noronha,

Secretary to Government,
Development Department.

Jsk.

Copy forwarded with compliments, to the Chairman, Mysore Chrome Tanning Co., Ltd., for information.
